

Attention - Attention – Attention; Please make sure that if you plan to race your “Keel Boat” at any OCBC Race, Regatta or Family Fun Race that you have a current PHRF Certificate for your vessel. These can be obtained on the clubs website in the “Handicapping” tab under “Printable Certificate” or on the club Bulletin Board near the Kegorator. Once you have completed a PHRF Certificate, place it in the “completed certificate” folder or email to HRC Chair Mike Kelly (mkelly@rkblack.com). Failure to have a current certificate “may” result in being scored as “NHR” (No Handicap Rating).

2017 OCBC Sailing Instructions item reads ----

16. Scoring: (1) Handicap fleet scoring will use Lake Hefner PHRF Fleet handicaps with Time-on-Time correction. Each boat must hold a valid certificate, which may be obtained from the Rating Committee in accordance with posted rules. It is permissible for a handicap boat to use a whisker pole longer than her J measurement if the over-length pole is listed on her certificate. Centerboard handicap shall be scored using the Portsmouth Handicapping system, with wind factors when practical.
